PROJECTS

LibaTourism

LibaTourism is your ultimate guide to experiencing Lebanon, offering a comprehensive overview of the country's attractions, activities, and culture. Discover must-visit places and sights, enjoy a variety of indoor and outdoor activities, and savor the flavors of Lebanese cuisine. Stay informed with the latest media from Beirut, travel tips, weather forecasts, and intriguing facts about Lebanon. Access vital information on Lebanese embassies worldwide, daily inspiring quotes, emergency contact numbers, and hospital details. LibaTourism provides all this and more to ensure a memorable and enriching experience in Lebanon.

EcoCollect

"EcoCollect" is designed to provide users with recycling information, facilitate the proper disposal of electronic waste, and reward users for their efforts. It sends data to electronic trash and reverse concerning points, notifying users when the task is completed. Upon reaching 100 points, users receive an award, and the municipality arranges for collection.

Alpha

"ALPHA adopt don't shop" whose objectives are to fight against animal abuse and abandonment. Collect and house abandoned animals that are lost or mistreated and find them a home, educate the general public and especially young people about animal protection and volunteering. empower animal owners, facilitate the adoption of dogs, and save time of the over by offering quality services at the medical, social and economic levels.

AutoRent

"AutoRent" facilitates the procedure for car rental companies including extra security and updated systems which opens and lock your vehicle via mobile phone or the password given, promotes Lebanon abroad.

VDCOM

V.D.COM. offers cutting-edge communications technology with a focus on innovative and advanced solutions. Their mission is to deliver highly intuitive and cost-effective voice and data networking services. I had the pleasure of creating their website, which showcases their expertise and partnerships with Casino du Liban, Banque du Liban, and Banque Libano-Francaise.
